DEPARTMENT OF MECHANICAL ENGINEERING

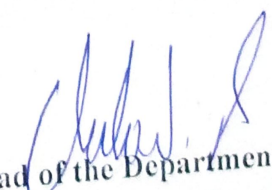

Academic Year	2021-22
Batch	2021-25
Year/Semester/Section	1 st Year /II Sem/C/S
Subject Code-Title	21ME25/Elements of Mechanical Engineering
Name of the Faculty	Dr. P N Jyothi

Class Activity-1	Prepare a activity Charts on ✓ Steam Applications ✓ GDP ✓ Role of Mechanical Engineer in Society ✓ Construction and working of Various Power Plants
Date & Time	19/7/22 & 10.30AM-12.30PM
Report	On July 19 th , 3rd & 4 th hour, students were asked to prepare the explanatory chart on the concepts given above. The topic was decided in the class by the students one week before. Drawing sheets were given and other things needed to make drawing were bought by the students themselves. Students were very much interested to do this activity as choice of choosing the topic from the syllabus was given to them, they had come prepared for this activity and were allowed to use mobile for data collection. They themselves came as teams and total 8 teams were formed in the class. Finally their ideas were transformed in to drawing.
