### Report on activity conducted

As per the instructions given by Visveswaraya Technological University, we at K.S. School of Engineering and Management have conducted the event “**Plastic Free Campus**” on 25<sup>th</sup> October 2021, on the occasion of Independence Amrutha mahostava 75 @India.

Colleges can generate enormous amount of plastic waste, which is toxic to people and the environment, and never goes away.

Plastic Free Campus, a project in **K. S. School of Engineering and Management**, aims to measurably reduce plastic waste and pollution in college campus and the world around them to eliminate plastic pollution and its toxic impacts on people and the environment.

Students were directed to make the campus a plastic free campus. In this regard all the NSS student and other volunteers involved themselves in picking up all non-biodegradable materials like plastic bottles, chocolate wrappers, wafer rappers, plastic plates and small pieces of plastic papers used for wrapping the eatables etc.

Firstly, all gathered at one place and instruction is given to all NSS student and other Volunteers how to play the role in NSS activities.

Secondly, We have divided the students into Three teams. We provided the hand gloves for their safety. Each team is headed by the NSS faculty coordinators.

Thirdly, We all gathered at one place which is already discussed and we made the event successful.

**Team- 1:** We sent one group to clean Hostel area headed by the NSS faculty coordinator Mr. Prashanth J. and Mr. Shiva Prakash K M
