K.S. SCHOOL OF ENGINEERING AND MANAGEMENT, BENGALURU-109

PARTNERSHIP WITH BITES

The government of Karnataka in consortium with the educational institutions and IT industries constituted board of IT education standards to improve the IT educational standards and help in building quality manpower to suit the needs of the IT industry. This Board for IT education standards (BITES) was set up in the year 2000. BITES are certified by ISO 9001:2015, which is involved in promoting and encouraging industry-academia interactions in different platforms.

Industry relevance of education is the only mantra for survival in the TED-Age. BITES are the quintessential bridge to help in bringing together academia-industry and in setting benchmarks, in line with industry expectations. BITES are the way forward and partnering with it is imperative for every teaching institute, benefiting both the faculty and the student community.

Key Activity Areas:

Advice on Policy, Challenge / Competitions and Awards, Curriculum Development, Faculty Development, Databases, Industry–Institute Interaction, Institutional Development, IT Education Standards, Leadership Development
